 claims experience (if applicable) along with any current health conditions, medications, and/or treatment determine if you are eligible for a rate reduction based on our current underwriting standards. If the factors your original underwriting decision are resolved in your favor, it may be possible that current health condition medication, and/or treatment will prevent a rate reduction to be allowed for your coverage at this time. Any information submitted may result in the Missouri Farm Bureau Health Plans Enrollment Department requesting additional medical information. If you and/or your dependents were originally rated for height and weight, blood pressure reading, blood pressure medication, cholesterol reading or cholesterol medication, glucose reading or Hemoglobin A1C Reading, we may require current readings in the last 12 months taken by a healthcare professional to review your rate.
